## AIRFIELD AT BRZEG (Not to Scale)

## LEGEND

In the wooded area to the morth of the runway among an unspecified number of buildings, of which some are partly destroyed, burnt or damaged, the following structures were seen to be occupied by air force personnel:

- One single-story building, brick-built, with 8 window frontage, having immediately adjoining two wooden poles of about 12 m in height with a wire between them and from it a wire leading back to the building.
- 2. Five hangars, brick-built, size about 40 m x 40 m, estimated to take six aircraft.
- 3. One hangar, as above, but without roof.
- One single-story building, brick-built, with 4 window frontage, displaying water and windgauges.
- Five low wooden sheds used either as stores or repair shops.
- One single-story building, brick-built, with 8 window frontage, believed to be officers quarters, with two earth mounds about 4 m away, believed to be old air raid shelters.
- One firing range (see Annex B).
- One old farmstead, pertly destroyed, with two trucks parked in the yard, each mounting under tarpaulin a piece of equipment, believed to be a searchlight.
- One old farmstead, partly destroyed, with road leading into yard showing fresh
- 10. One wooden shack, fitted with rod serial of about 2 m in height and telephone wire coming from overhead line.
